Hi Hershy

Shipping dox all ok no matter who is shipper or who is cnee. Are you mean you will order goods with new supplier? **shes asking if its from a new or different supplier**

What's the really commodity? NON-STERILE POWDER FREE SYNTHETIC NITRILE

PROTECTION GLOVES not list Medical or Non-Medical. **shes saying its not listed as medical on the BOL**

If by Medical, we need EIN# for checking they have license or not. **if its medical grade they need to check the License**

If by Non-medical, no specail request, just provide dox which request by Custom. But pls make sure it's really non-medical, otherwais huge risk for Custom inspceion. **she's saying it must be exported accuretaly otherwise its a huge risk**

If shipper can do custom clearance by themselves, than all ok by us. **they want the shipped to clear customs**

Kindly be informed that our office will be closed from 1st Jan to 3rd Jan for New Year' s Day.

Subject: Shipping from Shanghai

Kenny,

Please see attached, this shipment is from same supplier we use, just for different customer. And I see that they can ship from Shanghai.

I don't want to approach my supplier, I am first asking you, I want to understand what makes it this shipment possible to ship from Shanghai and ours not.

Before I ask them anything I want to understand it.

As you see it says Medcare, it says nitrile gloves, the only difference is the shipper is hk, does that make the difference? I have a hk company if needed.

Please get back to me on this ASAP, as it is very important to be able to ship from Shanghai for a lot of reasons.
